Hot on the heels of the success of Jumbo and Reva fabric – Whitmeadow unveils the UK premiere of the latest soft touch commercial fabric story – Dimple. Sales of Jumbo and Reva to date have been better than anticipated and this new shape, whilst being a super vehicle for these well-known fabrics, suits Dimple perfectly. Soft arm pads together with a super soft seat combine superbly with the headroll and lumbar back cushion to give an unparalleled level of comfort. Note the reversible seats and backs – a great feature for the consumer, and unlike similar style products, which normally have fixed seats and/or zipped in backs.
